

THE NEW ENGLAND-ST. LAWRENCE VALLEY GEOGRAPHICAL SOCIETY (NESTVAL) was founded in 1922 to promote scholarly research and disseminate geographic information in the region. Originally founded as the New England Geographical Conference, the current name was adopted in 1956. NESTVAL, one of nine regional divisions of the Association of American Geographers, sponsors an annual conference every fall that is open to members and non-members. Membership, which includes a subscription to the Journal, may be arranged with the editor of the journal.

The Northeastern Geographer is an annual publication that replaced the *Proceedings of the New England-St. Lawrence Valley Geographical Society*. The *Proceedings* were published from 1972 until 2006. *The Northeastern Geographer* publishes research articles, essays and book reviews on all geographical topics but the focus of the Journal is on the Northeast United States, the St. Lawrence Valley and the Canadian Maritime Provinces. All research articles submitted to the Journal undergo peer-review.

Officers for 2023 - 2024

President: Firooza Pavri, University of Southern Maine
Vice-President: Nathaniel Trumbull, University of Connecticut
Treasurer: Timothy Ledoux, Westfield State University
Regional Councilor: Steven Silvern, Salem State University
Past President: Matt McCourt, University of Maine at Farmington

Editorial Staff:

Editor: Stephen Axon

Editorial Advisory Board:

Darren Bardati,
